

## **BECOMING A PRACTITIONER OF THE BEYOND SURGERY® TRAINING PROGRAM**

**PURPOSE of TRAINING PROGRAM:** To train individuals in the protocol for pre and post-surgical coaching and interventions set forth in The BEYOND SURGERY® Program so that they might expand their Healing Touch practice into a specialty, and/or potentially bring it into their hospital, community or clinic.

**PRE-REQUISITE:** Students must have completed Healing Touch Level 2 through either Healing Touch International or Healing Touch Program. Level 1 students may only take the course with the permission of the instructor, but cannot be Certified until they have completed Level 2.

### **COURSE DETAILS:**

There will be 18 class hours, beginning Friday evening (7-9:30pm), continuing Saturday (9 – 6:30 ) and Sunday (9 – 5).

Students will receive 18 CE units from AHNA and NCBTMB through Healing Touch International and are eligible for Florida Massage CE's through Healing Therapies, Inc.

Continuing Ed credits are applicable for Recertification as a Practitioner through either Healing Touch International or Healing Touch Program.

### **ACCREDITATION:**

This is a course of study towards a certificate of completion as an approved provider for the BEYOND SURGERY® Program, involving experiential learning to provide a customized protocol which includes Healing Touch, Guided Imagery, Anxiety Release Technique® and HeartMath in a Surgical Coaching format. Upon completion of this seminar and its follow-up internship, participants may apply for Board Certification through Healing Touch Buddies, Inc. with designation as a Certified Surgical Coaching Practitioner (CSCP). Continuing Education units are through Healing Touch International, Inc. as approved by AHNA (Provider 582) and NCBTMB (Provider 450748-08).

### **COURSE OVERVIEW:**

The seminar includes a multi-faceted curriculum of blended integrative modalities which support and enhance clinical procedures for clients facing surgery, medical procedures, or any event involving potential anxiety or discomfort. Healing Touch is the core modality used and is a focal point of each client session. Other techniques are combined with Healing Touch to expand the program into a protocol which is offered to the client several days or weeks before

the procedure, and are continued post-surgically and sometimes actually in the surgical arena. The primary themes of this training program include:

1. Coaching prior to procedure
2. Patterning of the client for optimum outcome
3. Activating the client's innate healing response
4. Empowering the client to fully participate in the healing process

**COURSE CONTENT SPECIFICALLY INCLUDES:**

Healing Touch Protocols for Pre and Post-surgery  
Customized Guided Imagery  
Anxiety Release Technique®  
HeartMath®Technology  
Creating a Support System  
Re-evaluation of Life Patterns  
Chemotherapy or radiation treatments  
Documentation, Ethics, and Business Issues  
Certification Responsibilities and Requirements

**COURSE MATERIALS INCLUDE:**

1. **The Client Workbook:** A Toolbox for Initiating the Healing Response
2. **A Guide to the Client Workbook:** Verbal instructions on use of the book.
3. **A Tranquil Space:** A 25-minute CD with Customized Guided Imagery.
4. **The Beyond Surgery Program Practitioners' Training Manual:**  
A Guide for Client Coaching
