

Massage for People Living with Cancer©

A foundation course in Oncology Massage developed by Gayle MacDonald
24 CE Hours, NCTMB approved & Recognized by The Society for Oncology Massage

A massage therapist trained in Oncology Massage will....

- Recognize and adjust for on going clinical considerations
- Adapt sessions to clients' experience of side effects
- Continually monitor clients' response to massage

In Survivorship, Oncology Massage is unique because it...

- Takes into account your changing needs
- Focuses on helping you manage side effects over time
- Can help you find a "new normal" along your journey
