This workshop will be the Mastery Level 1 introduction to the Yuen Method of Healing, an energetic technique developed by Dr. Kam Yuen, a 35th generation Shaolin grandmaster. A simple yet powerful energetic process based on logic and intuition to bring a person to a state of “neutrality” or zero point, a space where the life forces are optimal and strong. When our life forces are strong instead of weak, we heal naturally, and we perform and achieve our desires in the most effortless manners. This workshop will focus upon application of this method to alleviate imbalance in body, mind, emotion and spirit and support unlocking your 100% infinite potential in yourself, clients and collective humanity, freeing positive world evolution, health and abundance.

ELIMINATE PAIN FOR PEOPLE, HORSES AND PETS: IMAGINE YOUR LIFE WITHOUT PAIN, ALLERGIES, ILLNESS OR LIMITATIONS

The Yuen Method, developed by Dr. Kam Yuen, is a blending of 5000 years of ancient Chinese Shaolin Temple healing techniques, Western knowledge, anatomy, structural analysis, energetic technique, quantum physics and Qi and
Shen Gong training. The premise is that your body functions like a computer - you are either on or off, strong or weak - to any given issue. Pain is a sign that something is wrong with the flow of energy within your body. Humans are multifaceted beings with multiple levels of consciousness. The Yuen Method works to make sure that all levels of consciousness are congruent so that pain may be eliminated immediately and goals attained.

In the Western world, pain is usually treated with medication, gadgets or devices. Individuals that are in chronic pain have a hard time. More often than not they are told to manage their pain and to live with it. Who wants to manage their pain? In the East pain is seen as a symptom of a deeper issue. Something is wrong with the flow of energy in the body causing the manifestation of a physical condition. The Yuen Method shows you how to identify the deeper core issues. Finding the root of the problem, and eliminating it, makes it possible to release the physical symptoms, as well as emotional issues, fears, phobias and limitations.

THIS TECHNIQUE WILL ALSO WORK ON YOUR ANIMALS AND PETS TO RESTORE THEIR HEALTH, AND HELP TO REMOVE THEIR FEARS, PHOBIAS AND LIMITATIONS. YOU CAN ALSO RECEIVE CORRECTIONS TO ENHANCE YOUR HORSE AND RIDER CONNECTION AND PERFORMANCE.

As human beings we are unique, multidimensional individuals. We are all the same in many respects yet we are so very different. We all have our own thoughts, fears, phobias, loves and hates. We also have many levels of consciousness. What we say and consciously think is not always what we subconsciously support. This is where we run into stumbling blocks. We think, and many times truly believe, we know what we want but our subconscious may or may not support those wants. We go through our daily lives thinking or saying “This is what I want or would like”, but until all levels of consciousness support the thought we will not achieve our health or goals. The Yuen Method makes it possible to clear and correct these multiple layers that keep us from manifesting our highest potential.

The path of health, prosperity, integrity, success, loving relationships and freedom from stress and pain are the birthright of every human being, AND THEIR PETS AND ANIMALS.
